We want to inform you about the No Surprises Act, a federal law aimed at protecting consumers from surprise medical bills. Davenport Psychology is committed to providing you with transparent and upfront information about the costs of your care.

As required by the No Surprises Act, we will provide you with a written estimate of the expected costs for any service prior to rendering the service. This estimate will include all charges all of which will be out-of-network charges

If you are interested in pursuing potential out-of-pocket coverage, you may want to reach out to your insurance carrier to determine if you have that kind of coverage. If you have any questions or concerns about the cost of your care or how out of network reimbursement work, please do not hesitate to contact us at 941-702-2457 or visit our website at <https://davenportpsychology.com>.

At Davenport Psychology, we are committed to providing high-quality mental health services to our patients. We believe that transparency is an essential component of quality care, and we will continue to work diligently to ensure that you receive the best possible care in a cost-effective and transparent manner.

Thank you for choosing Davenport Psychology for your mental health needs.
